You have 3 ways to

You decide which method best suits your busy schedule.

1. Vote-by-Mail (VBM)

Vote-by-Mail requests expire after each federal general election cycle. **Therefore, all VBM requests expired on December 31, 2022.** To continue to receive VBM ballots, you must submit a new VBM request each general election cycle.

Your request for a VBM ballot must be received by the Elections Office no later than 5:00 p.m. twelve days prior to the election. The VBM packet will include instructions on how to mark your ballot, how to complete the required VBM voter certificate, and how to properly return your voted ballot to the Elections Office. The deadline to return voted VBM ballots to the Elections Office is no later than 7:00 p.m. on Election Day for it to be counted – **postmarks do not count.**

Request a Vote-by-Mail Ballot:

By Phone: (407) 836-8683

By Internet: www.ocfelections.gov

By Mail, Fax, or Email: If you need your ballot mailed to a temporary address that is not on your record, then you must submit your request in writing with your signature. Download and complete the Vote-by-Mail Request Form (Form DS-DE 160) from the Elections website, then return it to the Elections Office by mail, fax, or as an email attachment.

By Designee: After VBM ballots have been mailed and up to 7:00 p.m. on Election Day, a voter may designate a family member or friend to pick up their ballot from the Elections Office. The designee must bring a Vote-by-Mail Request Form filled out by the voter, **and** an affidavit to pick up the voter's blank ballot (Form DS-DE 162, found on the Elections website). Carefully follow the instructions on this affidavit. The designee must show photo identification and may pick up ballots for no more than two non-family members.

Signature Updates:

Your VBM ballot will not count if the signature on the VBM return envelope does not match the signature that we have on file. Signatures often change due to age, injury, or illness. Update your signature by completing a Florida Voter Registration Application form.

2. Early Voting (EV)

If you prefer to cast your ballot in person prior to Election Day, check your sample ballot or visit our website to find an Early Voting location that is convenient for you. Early Voting begins up to 15 days prior to an election. Pay special attention to the dates and hours of operation. Bring both photo and signature identification with you.

3. Election Day

The polls are open from 7:00 a.m. to 7:00 p.m. on Election Day. On Election Day, you are required to vote in the polling place assigned to the precinct you live in. Bring both photo and signature identification with you.

Acceptable forms of photo identification include:

- Florida driver license
- Florida identification card issued by the Department of Highway Safety and Motor Vehicles
- U.S. passport
- Debit or credit card
- Military identification
- Student identification
- Retirement center identification
- Neighborhood association identification
- Public assistance identification
- Florida concealed weapon or firearm license
- Government-issued employee identification card (any government level)
- Veteran health identification card issued by the U.S. Department of Veterans Affairs

If the picture identification does not contain a signature, you will be asked to show an additional identification with your signature.

Political Party Affiliation

Florida is a closed primary state. If you wish to vote in a partisan primary, you must be registered with that party affiliation. All registered voters, regardless of party affiliation, can vote on issues and nonpartisan races. You can change your party affiliation by completing a voter registration application. The deadline for changing your party affiliation is 29 days prior to the election.

Keep Your Record Current

Once registered, keep the following information on your record up-to-date:

- Name
- Address
- Political party affiliation
- Signature

Your residential address is used to determine the correct ballot for you in any given election. It is vital that you keep your voter registration record up-to-date. While some updates may be made by phone at (407) 836-2070, we recommend changes be made using a Florida Voter Registration Application. This can be done online on our website at www.ocfelections.gov. You can also download the form from our website or find it at any public library.

Registering After Felony Conviction

Voting rights in Florida can only be restored through clemency or by completion of all terms of a sentence, including parole and probation, depending on the type of conviction. To determine if you have completed all terms of your sentence, contact the Florida Department of Corrections, Florida Commission on Offender Review, and/or the clerk of court in the jurisdiction(s) in which you were convicted. To apply for clemency, search for grant of clemency and certificates, or for additional information, visit the Florida Commission on Offender Review website at www.fcor.state.fl.us.

Sample Ballot

Prior to each election, you will be sent a sample ballot that will include the name, address, and map of your polling place. To lessen your time in the voting booth, you can pre-mark your sample ballot and use it as a guide when you mark your official ballot.

Voters With Special Needs

If you need assistance in reading or marking your ballot, you may bring someone with you, or poll workers are available. Spanish language assistance and ADA-compliant ballot marking devices are available at all Early Voting locations and at the polls on Election Day. Tell the poll worker when checking in if you wish to vote using the ADA-compliant ballot-marking device (which can enlarge font sizes and read the ballot aloud).

Provisional Ballots

If a voter does not have the required picture and signature identification or their eligibility to vote cannot be determined at the time of voting, they will be issued a provisional ballot. Provisional ballots are not counted at the polls; they are sealed inside a certificate envelope and submitted to the Canvassing Board after the polls close. The Canvassing Board will review the information provided on the certificate envelope and determine whether the envelope may be opened and the ballot counted. Those votes are then included in the election results.

How To Mark Your Ballot

Make your selection(s) by completely filling in the oval to the left of your selection with a black pen.

When voting for write-in candidates, fill in the oval next to the words "Write-In" and print the candidate's name on the line.

IMPORTANT:

Always review your ballot before placing it in the tabulator, or the return certificate envelope if voting by mail. Once your ballot is accepted into the tabulator (or mailed, in the case of a VBM ballot), the law states that you have voted and cannot be issued another ballot in that election.

Florida law allows you to make up to three attempts to mark your ballot correctly. If you make a mistake when marking your ballot, ask for a replacement ballot.
